Dear Mr. Weisberg:

I have read Photographic Whitewash and "Post Mortem." Besides ordering "Whitewash," Report on The Warren Report" I would like to ask you a few questions

1) In the Summer of 1975 you were mailed a copy of a letter written by Lee H. Oswald to a "Mr. Hunt" Why didn't you come out earlier with the letter with its possible implications?
2) Do you have any information on either Edgar Eugene Bradley or Eugene Hale Brading aka. Jim Braden? If so what information and did you furnish this information to Jim Garrisons investigation.
3) What part did you play in Jim Garrisons investigation and do you feel any misgivings for it.
4) Have you seen the newly released FBI document that shows the FBI received a bullet from Dr. J.J. Humes at Bethesda Naval
5) Will you be [redacted] publishing any new books in the near future.

Thank you
-Arthur A Flessler
